Department of Energy
Washington, D.C. 20585

Dear Mr. Boulin:

We are in receipt of your letter of May 24, 1979, with the enclosed Form EIA-77, Preliminary Energy Audit. As you know from our previous reports, the General Services Administration (GSA) is in charge of the operation and maintenance of our buildings and therefore manages energy resources in accordance with existing executive directives.

GSA has our complete cooperation in this effort; however, we in the Agency do not collect the kind of data relevant to the proposed report. We suggest you may wish to direct the form to GSA for its specific compliance. We will continue to report on energy conservation measures for which we are directly responsible.

Sincerely,
